

PULSE™ 230
Engineering Resin

Overview	PULSE™ 230 is a high heat, high impact PC/ABS blend. PULSE 230 is designed to meet the low gloss and high heat automotive interior component applications as well as exterior component applications.
Benefits	Good flow, faster cycle time. High impact strength even at low temperature. Low odor & VOC.
Applications	Middle consoles; Instrument Panel components; Door panel trims; Pillars; Storage & glove box, Spoilers.

Physical Properties ⁽¹⁾	Test Method	Values
Density	ISO 1183/B	1.13 kg/m ³
Melt Flow Rate 260°C/5kg	ISO 1133	18 g/10 min
Mold Shrinkage	ISO 294-4	0.4-0.7 %
Mechanical Properties ⁽²⁾		
Tensile Strength at Yield (50 mm/min)	ISO 527-2	54 MPa
Tensile Strength at Break (50 mm/min)	ISO 527-2	50 MPa
Tensile Elongation at Yield (50 mm/min)	ISO 527-2	4 %
Tensile Elongation at Break (50 mm/min)	ISO 527-2	100 %
Tensile Modulys (50 mm/min)	ISO 527-2	2300 MPa
Charpy Impact, Notched 23°C	ISO 179/1eA	50 kJ/m ²
-30°C		40 kJ/m ²
Thermal Properties		
Vicat Softening Point 50°C/hr, 50N	ISO 306-B50	130 °C
Heat Deflection Temperature 1.8 MPa (unannealed)	ISO 75-2/A	108 °C
CLTE, -30 to 80°C	ISO 11359	75 E-6 mm/mm/°C

Notes	1. Typical properties; not to be construed as sales specifications. Fabrication conditions, part design, additives, processing aids, finishing materials, and use conditions can all affect the integrity, performance, and regulatory status of finished goods. 2. Tests conducted on 4 mm injection molded specimen, unannealed, unless noted. 3. This rating not intended to reflect hazards presented by this or any other material under actual fire conditions.
-------	--

The principles of Responsible Care® and Sustainable Development influence the production of printed literature for Trinseo S.A. and its affiliated companies. As a contribution towards the protection of our environments, Trinseo's printed literature is produced in small quantities and on paper containing recovered/post-consumer fiber and using 100 percent soy-based ink whenever possible.

PRODUCT STEWARDSHIP
Trinseo and its affiliated companies have a fundamental concern for all who make, distribute, and use their products and for the environment in which we live. This concern is the basis for our Product Stewardship philosophy by which we assess the safety, health, and environmental information on our products so that appropriate steps may be taken to protect employee and public health and our environment. The success of our product stewardship program rests with each and every individual involved with Trinseo products – from the initial concept and research, to manufacture, use, sale, disposal, and recycle of each product.

CUSTOMER NOTICE
Customers are responsible for reviewing their manufacturing processes and their applications of Trinseo products from the standpoint of human health and environmental quality to ensure that Trinseo products are not used in ways for which they are not suitable. Trinseo personnel are available to answer questions and to provide reasonable technical support. Trinseo product literature, including safety data sheets, should be consulted prior to the use of Trinseo products. Current safety data sheets are available from Trinseo.

No freedom from infringement of any patent owned by Trinseo or others is to be inferred. Because use conditions and applicable laws may differ from one location to another and may change with time, the customer is responsible for determining whether products and the information in this document are appropriate for the customer's use and for ensuring that the customer's workplace and disposal practices are in compliance with applicable legal requirements. Although the information herein is provided in good faith and was believed to be accurate when prepared, Trinseo assumes no obligation or liability for the information in this document.

NOTICE REGARDING MEDICAL APPLICATION RESTRICTIONS
Trinseo requests that customers refer to Trinseo's Medical Application Policy <http://www.trinseo.com/medical.htm> before considering the use of Trinseo products in medical applications. The restrictions and disclaimers set forth in that policy are incorporated by reference.

DISCLAIMER
TRINSEO MAKES NO WARRANTIES, EITHER EXPRESS OR IMPLIED, IN THIS DOCUMENT; ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE (INCLUDING MEDICAL APPLICATIONS) ARE EXPRESSLY EXCLUDED. TRINSEO DISCLAIMS ANY AND ALL LIABILITY FOR LOSSES OR DAMAGES THAT MAY RESULT FROM THE USE OF TRINSEO PRODUCTS IN UNSUPPORTED USE. TRINSEO MAKES NO WARRANTIES, EXPRESS OR IMPLIED, THAT THE USE OF ANY TRINSEO PRODUCT WILL BE FREE FROM ANY INFRINGEMENT CLAIMS.

GENERAL NOTICE
Any photographs of end-use applications in this document represent potential end-use applications but do not necessarily represent current commercial applications, nor do they represent an endorsement by Trinseo of the actual products. Further, these photographs are for illustration purposes only and do not reflect either an endorsement or sponsorship of any other manufacturer for a specific potential end-use product or application, or for Trinseo, or for specific products manufactured by Trinseo.

If products are described as "experimental" or "developmental": (1) product specifications may not be fully determined; (2) analysis of hazards and caution in handling and use are required; (3) there is greater potential for Trinseo to change specifications and/or discontinue production, and (4) although Trinseo may from time to time provide samples of such products, Trinseo is not obligated to supply or otherwise commercialize such products for any use or application whatsoever.

For additional information not covered by the content of this document or to ensure you have the latest version of this document available, please refer to the Customer Information Group contact information on our website at www.trinseo.com/contact/.
